

Eric Warfield, Former DB, Chiefs

This summer will be Eric Warfield's first time coaching at the Pro Football Camp. Eric has always been very involved with community activities. While in Kansas City he worked very closely with an organization called Love Fund for Children, which invited foster children to Arrowhead for home games and then a pizza party and locker room tour.

Drafted in 1998, Eric spent all eight seasons of his NFL career with the Kansas City Chiefs. In that time he started 77 games and recorded 393 tackles and 20 interceptions for 236 yards.
