

Samson Satele, C, Dolphins

Samson Satele will be joining the Pro Football Camp for the first time this year. During 2007, his rookie season, Samson became the first Dolphin rookie to start all 16 games at center. With the Dolphins, he became a driving force in an offensive line that started their first 12 games of the season together.

Before being drafted, Samson had an incredible college career at the University of Hawaii. As a four-year starter, he set a school record for most consecutive games started at 53. During his senior year he served as one of the team captains and was a consensus first team All-Western Athletic Conference choice.
