

Victor Adeyanju, DE, Rams

Victor Adeyanju will be coaching at the Pro Football Camp for the second time this year. At defensive back, Victor has brought speed and dominance to the St. Louis Rams defensive line. A fourth round pick in 2006, this rookie has shown a lot of worth early in his first season. Known for his hustle, athleticism, and ability to beat the double team, Victor has made an impact by playing in all of the Rams' regular season games and starting in nine consecutively!

Victor's determination and work ethic have kept him focused on his goal of making it known that he's a playmaker and contributor to his team. These are qualities and lessons he hopes to pass on to camp participants each year.
